

Together, beyond animal health

10 March 2023

Dear valued customer

This letter is to inform you that Prozym Dental Sticks S/M and L have recently changed.

In the most recent formulation, a colouring agent has been changed – the sticks are now brown in colour, instead of the previous white colour. Apart from the colour change, the formulation remains the same.

Current packaging has been stickered with 'New Colour Dental Sticks' to alert customers to the change.

Product	Old Packshot	New Packshot (temporarily stickered)
Prozym S/M Sticks		
Prozym L Sticks		

If you require any further information, please telephone Ceva Animal Health on 02 9652 7000 or email customerserviceau@ceva.com

Many thanks for your ongoing support.

Sincerely

Stephanie Bertini
Brand Manager
