Introducing the DentiCare Product Line: A Trio of Pet Oral Care Solutions

FRESH BREATH 500mL

Unleash minty-Fresh Breath for Pets, the first jewel in the DentiCare crown, is specifically formulated to combat bad breath in your furry friends. With key ingredients like peppermint oil, pure water, and natural preservatives, this product provides a refreshing scent and promotes clean breath, enhancing the joy of close interactions with your pets.

FEATURES

- ✓ Peppermint oil for a pleasant aroma and fresh breath.
- ✓ Pure water as a gentle base for safe and soothing use.
- ✓ Natural preservatives to maintain long-lasting freshness.

BENEFITS

- ✓ Eliminates unpleasant odours, leaving your pet's breath fresh and inviting.
- ✓ Promotes optimal oral hygiene, combating plaque, tartar, and bacteria.
- ✓ User-friendly design for effortless application and hassle-free experiences.
- ✓ Trust of veterinarians, who recommend its effectiveness and safety for pets.

DENTICARE PLAQUEAID+ 50g & 100g

Harnessing the Power of Nature's Secrets DentiCare PlaqueAid+ is the second member of the Denticare family, providing a potent combination of Norwegian seaweed (*Ascophyllum Nodosum*) and select strains of postbiotics. This unique formula works to improve oral care by targeting the pet's gut health, ultimately enhancing their overall dental well-being.

FEATURES

- ✓ Norwegian seaweed (*Ascophyllum Nodosum*) for natural oral care enhancement.
- ✓ Select strains of postbiotics to improve gut health.

BENEFITS

- ✓ Aids in controlling plaque and tartar formation, reducing the risk of dental issues.
- ✓ Enhances oral care from within, promoting a healthier mouth and fresher breath.
- ✓ Supports overall pet health by targeting the gut, which plays a vital role in oral well-being.

DENTICARE TOOTHPASTE KIT 100g

Nurturing teeth and gums with precision, the DentiCare Toothpaste Kit, offers a comprehensive solution for maintaining optimal dental health in your pets. Packed with ingredients like calcium carbonate, citric acid, zinc, and more, this kit includes a finger brush for convenient application.

FEATURES

- ✓ Calcium carbonate and citric acid for effective teeth cleaning and whitening.
- ✓ Zinc for added oral health benefits.
- ✓ Glycerine, TSPP, sodium chloride, benzyl alcohol, and propylene glycol for a gentle yet efficient formula.
- ✓ Chicken flavouring for a taste pets will love.

BENEFITS

- ✓ Cleans and whitens teeth, reducing stains and discoloration.
- ✓ Helps maintain healthy gums and fresh breath.
- ✓ Convenient airless pump container and included finger brush for easy application.
- ✓ A comprehensive oral care solution in one kit, ensuring thorough dental hygiene.

DENTICARE...THE PERFECT TRIO: A complete oral care routine when used together, Fresh Breath, PlaqueAid+, and the Toothpaste Kit provide a holistic approach to your pet's oral care needs.

Start by refreshing your pet's breath with Fresh Breath for Pets, eliminating unpleasant odours, and promoting clean breath. Follow up with Denticare PlaqueAid+ to target the gut and improve oral care from within, controlling plaque and tartar formation.

Complete the routine with the Denticare Toothpaste Kit, nurturing your pet's teeth and gums with precision cleaning, while maintaining fresh breath.

With this comprehensive trio, you can enjoy peace of mind knowing that you are providing your furry friends with the best oral care possible. Say goodbye to bad breath and dental issues, and hello to a happier, healthier smile for your pets.
