

NUTRITIONAL MILK FOR DOGS

A delicious daily nutritional milk that complements a balanced diet by providing additional nutrition every day.

WHY SHOULD I GIVE THIS TO MY DOG?

UNLIKE OUR NUTRITIONAL MILK FOR ANIMALS, THIS IS AN EVERYDAY NUTRITIONAL MILK DESIGNED TO COMPLEMENT A COMPLETE AND BALANCED DIET.

Daily Nutritional Boost

Even dogs receiving a complete and balanced diet can benefit from additional nutritional support. Formulated with 25 essential vitamins and minerals, plus omega-3 from flaxseed. This helps support everyday wellbeing, vitality, and a healthy skin and coat.

Digestive Support

With added FOS prebiotics and fibre from flaxseed, this blend of soluble and insoluble fibre provides a delicious and easy way to support beneficial gut bacteria, digestive health and regular bowel movements.

Healthy Ageing Support

As dogs age, changes in mobility, muscle condition, and vitality can occur. It provides quality protein, collagen peptides, and 25 essential vitamins and minerals to support healthy ageing, muscle strength, joint health, immune function, and everyday wellbeing. Gentle on digestion, it provides additional nutritional support when ageing pets need it most.

Hydration

When served as a milk drink, mixed into kibble or wet food, this is a simple and delicious way to encourage fluid intake while delivering essential nutrients including mineral electrolytes. It can be a convenient option for dogs that don't drink enough water or require support to maintain hydration.

Meal Enhancer

Perfect for fussy eaters, it enhances the flavour of kibble or wet food. This makes mealtimes more appealing while adding variety and extra nutrition to your dog's daily diet.

0-4 kg	1/2	30 mL
5-9 kg	1	60 mL
10-19 kg	1 1/2	90 mL
20-29 kg	2	120 mL
30+ kg	3	180 mL

FAQ'S

IS THIS A PUPPY MILK REPLACER?

No. This is a delicious daily nutritional milk for dogs from 8 weeks and up.

CAN IT BE SERVED EVERY DAY?

Yes. It's formulated for everyday use as part of a balanced diet.

CAN I GIVE THIS TO MY UNWELL DOG?

Always seek advice from your vet. This is not a therapeutic supplement. It is designed as a daily supplement for healthy dogs in addition to their diet.
